

ADVANCEMENT PLAN

Advancement is an integral part of Scouting and as such is important to any successful week in camp. The following are guidelines for planning your Scout's trail during your stay at Camp Meade. There are two essential thoughts to keep in mind while counseling those who plan to attend camps: 1) the individual boy's skill and desires, and 2) the schedule of times needed to complete any badge. Please be sure to counsel each boy individually noting the prerequisites that merit badges may have. These prerequisites are given in order to assist you and the Scout in completing the skills.

MERIT BADGE PROGRAM

Only through individual counseling can you determine what badges a boy needs to work on or in which he has desires and skills. Here are some crucial steps in the planning process.

- A boy's physical skill needs to be considered especially in the aquatic badges. In shooting sports, the years of shooting archery, rifle, and shotgun need be considered.
- Scouts should come to camp having read the requirements and reviewed the Merit Badge Book. Prerequisites should accompany them to their first class.
- Merit badge applications should be readied prior to camp arrival, including signatures.
- Scouts who come prepared will be able to finish the badge in less time having additional time for open areas and Troop programming. Please be sure to carefully review pre-requirements for each Merit Badge.
- All merit badge work should be completed by Friday noon, with the exception of all Boating merit badges. This will allow the Troop time for the camp-wide open program and board of review.
- We will be offering some merit badges (Fingerprinting, Pulp and Paper) that Scouts will be able to begin to take mid week if they complete other merit badges early. Scouts will have an opportunity to visit the Handicraft program area to schedule these.

PARTIAL COMPLETION

For all merit badges, a boy will receive a partial statement if he has completed any of the requirements. The partials will state the requirements that the Scout has accomplished. The philosophy behind a partial is for a boy to return home and complete the badge as soon as possible. The counselor has the right to review any and all of the completed requirements before signing for the merit badge. (If necessary, a return to camp during the same summer is possible, even for a day visit, in order to complete the badge requirements).
